NEW STORE OPENS

Shoppers looking for Wal-Mart Wednesday found it across the street from the original North Loop 336 location. The new Conroe store is located on the southwest corner of Loop 336 North and Interstate 45. The new store has wider aisles, more cash registers and more parking available, said co-manager Rick Bryant. The store has a 24-hour photo processing laboratory, optical department, pharmacy and a minor serving garage are among the amenities.
